Intro:

[Verse]

After tonight, tonight, tonight

Imma be your favorite

(Oh yea)

All night, all night, all night, all night

Imma be the one that's chasin' you

(Haaa)

Imma get on your stage and sing like a bird, oohhh,

oohhh, oohhh

And Imma get on your page baby, like a word, oohh,

oohh, oohhh

Imma a break it down

Oh baby, baby, Imma, Imma turn you out (Ohhhh)

Just watch me

as my love starts to develop like a picture

(Oh yea)

[Hook]

Oh now tame me, brace me, hold me down

That's it rough, soft, turn me around

Baby I'm gon' do it till I've

done it

And the next time they ask ya

[Chorus]

You tell them that I run it

You know I run it, you know I run it

It's mine

I run it, you know I run it, you know I run it

Boy you know I run it, you know I run it, you know I run it

It's mine

I run it, you know I run it, you know I run it

Ohhhh

[Verse 2]

Alright, alright, alright, alright

Tell me what you got, and imma take it

(Tell me what you gon' do, when I'm

all up on you)

Won't fight, won't fight, won't fight, won't fight
Shawty won't you go ahead and break it
(Baby get up on it, show me that you want it)

In the kitchen, in the hallway, up on the sofa
Ohhhh
Got me pop, pop, pop, pop, poppin this thing like a
toaster
Ohhhh
Lift off into the sky and exit earth
And let this ATLieN give you what you deserve

[Hook]
Oh now tame me, brace me, hold me down
That's it rough, soft, turn me around
Baby I'm gon' do it till I've
done it
And the next time they ask ya

[Chorus]
You tell them that I run it
You know I run it, you know I run it
It's mine
I run it, you know I run it, you know I run it
Boy you know I run it, you know I run it, you know I run it
It's mine
I run it, you know I run it, you know I run it
Ohhhh
