(I'm in trouble)

I don't need nobody else
I can do damage by myself,
Walk in the room
Everybody like damn,
She can do damage by herself (x2)

Verse 1 -

Ms. Everybody wants it
But can't nobody touch it,
Ms. I don't rain, I'm hailing
Go get the umbrellas,
Ms. Silence in the room
Click, click, click my Jimmy Choos,
Ms. Center of Attention
And everybody's chick is wishin'
They had that

Eye action

Always attackin'
Swagg is oh so automatic
Starts to get like an addict, addict
You say it's incredible,
Maybe it's unbelievable,
Damn near inconceivable,
But I say, (I say)
I say, (I say)

Chorus --

Turn off the lights
I got my right hand in position
So I can get that when I'm with ya
Come on boy,
Come on boy,
I'm on boy,
I'm turned on (x2)

I don't need nobody else
I can do damage by myself,
Walk in the room

Everybody like damn,
She can do damage by herself

Verse 2 -

Ms. Call the paramedics (uh)
Cause chicks is lookin' sick (uh)
Ms. I don't need your paper
My net worth never wavers
Ms. On your mark, set, go
Yea I'm running this show
Ms. Back at it once again
Lights, Camera, Action (action)

Eye action

Always attackin'
Swagg is oh so automatic
Starts to get like an addict, addict
You say it's incredible,
Maybe it's unbelievable,
Damn near inconceivable,
But I say, (I say)
I say, (I say)

(Chorus x2)

(Ummmâ€¦I'm turned on)

Bridge -

I'm on overload
From dusk to dawn,
Ready to explode
(Cause baby I'm on, I'm on)
I'm on like the light (lights)
I'm on like the fight (fight)
I'm on cause its right,
cause its right, cause its right
I'm on!

(Chorus)

I don't need nobody else
I can do damage by myself,
Walk in the room
Everybody like damn,
She can do damage by herself (x2)
â€¦By herselfâ€¦
