Give you Gurl Respect,
It's ya gurl
girl Ciara
Futuristic
And then Corner, Boys, thats right.

[Verse 1]
Listen,
First of all
change you tone
Come correct when you talk to me
Cause I an not some ho
Silly girl that you mistreat
I have a mind of my own
And there'll
be times when we disagree
But if your not in control
Then you just ready to throw it away

[Pre-Chorus]
Hey now wait a minute baby
See there's no need for you to be this way
Cause I am you lady
I never though that you would be so insecure

[Chorus]
Insecure
Better watch the way you talk me
Wont take no more
Cause all I need from you
is a little repsect, uh huh
Just a little respect, just a little bit,
hope you hearin this, who you talking to huh

[Verse 2]
Dont misunderstand what I mean
When i say I'm tyring to do me
You should'nt be so unsure
And cause beef everytine I leave
I do appreciate

Everything that you do for me
Try not to suffocate
You need to give you girl some time to breath

[Pre-Chrous]
Hey now wait a minute baby
See there's no need for you to be this way
Cause I am you lady
I never though that you would be so insecure

[Chorus]
Insecure
Better watch the way you talk me
Wont take no more
Cause all I need from you
is a little repsect, uh huh
Just a little respect, just a little bit,
hope you hearin this, who you talking to huh

[Bridge]
Im tyring my hardet to keep you around
When I'm talking just listen
Boy please hear me out
The problems, I will solve them
Best way i know how
The only way to work this out is you cant be so OHH!!!!

[Chorus]
Insecure
Better watch the way you talk me
Wont take no more
Cause all I need from you
is a little repsect, uh huh
Just a little respect, just a little bit,
hope you hearin this, who you talking to huh
