Oh yeah, waah, yeah

Lead me out on the floor, bring ya body closer
Take it all, give me more, do me like ya supposed to
Move with me left and right, slide your hands over
mine
Using all your imagination, leave everything behind

Take my hand, lay on my face, feel my heart trumung
Dark corners, flashing lights, keep the music coming
I'm off the earth, on the stars, I ain't worried about
tomorrow
Keep going 'til the world disappears

Keep dancing on me
Keep dancing on me

Take the lead, raise the floor, take a turn, pass the
shadow
Taste the air, touch me there, lean to me, nothing
matters
Tell my ears truthful lies, honest whispers make me
sigh
See me left, see me right, I'm going outta my mind

See me smell, make me want to go on and on
I'm in peace, in serenity, I'm where I belong
I'm off the earth, on the stars, I ain't worried about
tomorrow
Keep going 'till the world disappears

Keep dancing on me
Keep dancing on me

Hold me bay, deep inside your arms
Stay with me one more song
Until my body is melting away, away, away

Keep dancing on me
Until my body's melting away
Keep on dancing on me
On me, on me, on me

Keep dancing on me

Keep dancing
