1, 2, 3, go

Ciara, sex, Ciara, talk to 'em

Your touch is so magic to me  
The strangest things can happen  
The way that you react to me  
I wanna do something you can't imagine

Imagine if there was a million me's  
Talkin' sexy to you like that  
You think you can handle, boy  
If I give you my squeeze  
And I need you to push it right back

Baby, show me, show me what's your favorite trick  
That you wanna use on me and I'll volunteer  
And I'll be flowin' and goin' till clothing disappears  
Ain't nothin' but shoes on me, oh baby

All night show with just you and the crowd  
Doin' tricks you never seen  
And I bet that I can make you believe  
In love and sex and magic

So let me drive my body around ya  
I bet you know what I mean  
'Cause you know that I can make you believe  
In love and sex and magic

Everythin' ain't what it seems  
I wave my hands and I got you  
And you feel so fly assistin' me  
But now it's my turn to watch you

I ain't goin' stop you if you wanna grab my neck  
Talk sexy to me like that  
Just do what I taught you, girl  
When I give you my heat  
And I need you to push it right back

Baby, show me, show me what's your favorite trick  
That you wanna use on me and I'll volunteer

And I'll be flowin' and goin' till clothing disappears  
Ain't nothin' but shoes on me, oh baby

All night show with just you and the crowd  
Doin' tricks you never seen  
And I bet that I can make you believe  
In love and sex and magic

So let me drive my body around ya  
I bet you know what I mean  
'Cause you know that I can make you believe  
In love and sex and magic

Oh, this is the part where we fall in love, sugar  
Let's slow it down so we fall in love  
But don't stop what you're doing to me  
Ciara

All night show with just you and the crowd  
Doin' tricks you never seen  
And I bet that I can make you believe  
In love and sex and magic

So let me drive my body around ya  
I bet you know what I mean  
'Cause you know that I can make you believe  
In love and sex and magic

All night show with just you and the crowd  
Doin' tricks you never seen  
And I bet that I can make you believe  
In love and sex and magic

So let me drive my body around ya  
I bet you know what I mean  
'Cause you know that I can make you believe  
In love and sex and magic

Yeah, I see you on the floor, get it, girl  
Love, sex and magic  
I see you on the floor  
You know what I mean  
Get it, girl

I bet that I can make you believe  
In love and sex and magic  
I see you on the floor, get it, girl
