I hope, I don't make you mad with what I'm 'bout to say
boy
Here we are once again and I'm havin' second
thoughts boy
I'm not messin' with your head but I changed my mind
boy
I don't know why I'm here, the same time I want you
near

If you want me to leave, I will understand
See I will just have to respect your wishes boy
'Cuz if I stay, ain't no tellin' what may happened boy
Although you look so good to me, it's best that I leave

I'm scared of bein' next to you 'cuz of what I think I
might do
Boy you turn me on right now
I can't get down like that right now
I don't want to disturb the flow this is not my M-O
Hold up, wait a minute, we're movin' way too fast
I want some like this here to last

Don't say no baby, not right now baby
I want you to be my lady, you got me goin' crazy

Well I guess, I'll stay for a minute then I have to go boy
This moment is so temptin', right now, it's not what I
want boy
Maybe if we just embrace with a simple kiss boy
But that'll only make things worse, hope I'm not gettin'
on your nerves boy

I just wanted to be right for the both of us
Well, you don't have to say a thing to make me
comfortable boy
Boy, you make me so weak when you look at me
Right now, I'm a little confused, I think it's best that I
refuse

I'm scared of bein' next to you 'cuz of what I think I
might do
Boy you turn me on right now

I can't get down like that right now
I don't want to disturb the flow this is not my M-O
Hold up, wait a minute, we're movin' way too fast
I want some like this here to last

We 'pose to be playin' cards or watchin' a movie
We keep lockin' eyes boy, now why you tryin' to tease
me
This room is gettin' heatin' want you open up a window
I think that I should go now 'cuz I can't take this no
more

I'm scared of bein' next to you 'cuz of what I think I
might do
Boy you turn me on right now
I can't get down like that right now
I don't want to disturb the flow this is not my M-O
Hold up, wait a minute, we're movin' way too fast
I want some like this here to last

I'm scared of bein' next to you 'cuz of what I think I
might do
Boy you turn me on right now
I can't get down like that right now
I don't want to disturb the flow this is not my M-O
Hold up, wait a minute, we're movin' way too fast
I want some like this here to last

I'm scared of bein' next to you 'cuz of what I think I
might do
Boy you turn me on right now
I can't get down like that right now
I don't want to disturb the flow this is not my M-O
Hold up, wait a minute, we're movin' way too fast
I want some like this here to last
