Can i get one more dance with you baby  
This is our last chance, this is our last dance  
Can i get one more dance with you baby  
You lost in the moment, before the party's over

Verse 1:

I could just leave it, i realized i shouldn't be here  
It does something right i don't need this, i can't see it  
I don't wanna talk about this no more  
Your here, i'm here our situation  
Confusionally waiting with you every night  
We are no more, washed away of sure  
So take me in your arms for the last time

Chorus 2x:

Can i get one more dance with you baby  
This is our last chance, this is our last dance  
Can i get one more dance with you baby  
You lost in the moment, before the party's over

Verse 2:

Don't stop til you get tired  
Dance now you got me fired up  
Last time you show me how  
You're used to put it down  
Once we leaved the floor with no more

Your here, i'm here our situation  
Confusionally waiting with you every night  
We are no more, washed away of sure  
So take me in your arms for the last time

Chorus 2x:

Can i get one more dance with you baby  
This is our last chance, this is our last dance  
Can i get one more dance with you baby  
You lost in the moment, before the party's over

Verse 3 (2x):

Let's go out the right way  
Say goodbye politely  
You don't have to fight me  
Let's just fade our love away, away, away

Chorus 2x:

Can i get one more dance with you baby  
This is our last chance, this is our last dance  
Can i get one more dance with you baby  
You lost in the moment, before the party's over
