Questions

[verse 1]

What if I asked you where you be at ?
And why do you have a attitude like that ?
What if I asked about everything anything that kept you
away ?
What if I turned on you for treating me like a slave ?
How would you feel if I asked you a thousand questions
like you do me?

[hook]

You make wonder if I should be here
I don't want to go but your pushing me to the edge
I know I pledge that I would stay
I'm trying to keep my thoughts to myself
its so difficult trying to do that when your all up in my
ear
Now I can barely hear

[chorus]

Now what if I chose do you the same?
What if I chose to be in your grill?
What if I told you I didn't care?
Would you tell me it isn't fare?
Would you get and go elsewhere? (hey)
What if I told you that you are my worse nightmare?
If I played you like fool?
Would you I was cruel? (hey)
Would you have too many emotions
Baby you ask too many questions. (hey)

[chopped & screwed]

What if changed tha role?
What if I was in charge?
What if I had more control? (hey)
What if changed tha role?
What if I was in charge?
What if I had more control? (hey)

[verse 2] (rap)

What if I played like you was toy, a fool
Would you tell me it wasn't cool, to play you
Baby I supplied you with everything , but it didn't mean
nothing to ya did I fool ya was I cruel to ya. It don't
seem right when you play the victim does it. You had
me rollin wit it, chillin wit it, played me wit it , but it
wasn't right was it? (no)
