[Bridge:]

Read my lips, read my lips

Baby get up out of this

La la la la la la

Read my lips, read my lips

Baby get up out of this

La la la la la la

So you're staying here tonight

Everybody's going out

Can we sit this one out, baby?

I got something else in mind, close the blinds, dim the lights

And you better bring your appetite

I'll make you something real nice

If you like a lot of heat

Better come up in my kitchen, baby

Got everything that you like, why don't you have a little taste?

Don't let nothing, don't let nothing go to waste

[Pre-Chorus:]

Down down, but you gotta savor it, savor it

I know it's your favorite dish

Top down, you better put yo feet up

You ain't leaving til you eat it all up

[Chorus:]

I just wanna take care of you baby

You're the only one I wanna give it to

This is all for you

I just wanna take care of you baby

Read my lips for that's all you gotta do

This is all for you

On the kitchen floor, tonight you know it's going down
If you want some more baby you know I can throw it back

Turn my oven on and it ain't gon be no showing down
This is how it's going down, this is how it's

You can call it good time, we ain't gotta go out
You got a home cooked meal right here
Come on and take another bite, that's right, that's right
Keep on going til you're satisfied

It's the best you ever had, once you taste a piece of that
You can never go back baby, yea
There's nothing else like this around town
Boy I got the sugar that can make you fall down

[Pre-Chorus:]

Down down, but you gotta savor it, savor it
I know it's your favorite dish
Top down, you better put yo feet up
You ain't leaving til you eat it all up

[Chorus:]

I just wanna take care of you baby
You're the only one I wanna give it to
This is all for you
I just wanna take care of you baby
Read my lips for that's all you gotta do
This is all for you

On the kitchen floor, tonight you know it's going down
If you want some more baby you know I can throw it back
Turn my oven on and it ain't gon be no showing down
This is how it's going down, this is how it's

[Bridge:]

Read my lips, read my lips
Baby get up out of this
La la la la la la
Read my lips, read my lips
Baby get up out of this
La la la la la la
Read my lips, read my lips
Baby get up out of this
La la la la la la
Read my lips, read my lips
Baby get up out of this
Baby get up out of this

Read my lips

[Chorus:]

I just wanna take care of you baby
You're the only one I wanna give it to
This is all for you
I just wanna take care of you baby
Read my lips for that's all you gotta do
This is all for you

Read my lips, read my lips
Baby baby Read my lips, read my lips
Read my lips, read my lips
Baby baby Read my lips, read my lips
Read my lips, read my lips
Baby baby Read my lips, read my lips
Read my lips eh eh eh eh eh
