Give your girl respect,

It's ya girl Ciara

Futuristic

And them Corner Boys, thats right

Listen,

First of all change your tone

Come correct when you talk to me

'Cause I am not some ho

Silly girl that you can mistreat

I have a mind of my own

And there'll be times when we disagree

But if your not in control

Then your just ready to throw it all away

Hey now wait a minute baby

See there's no need for you to be this way

'Cause I am your lady

I never thought you would be so,

Insecure

Better watch the way you talk to me

Won't take no more

'Cause all I need from you is a little respect, uh huh

Just a little respect, uh huh

Just a little respect, just a little bit,

hope you hearin' this, who you talkin' to huh

Don't misunderstand what I mean

When I say I'm trying to do me

You shouldn't be so unsure

And cause beef everytime I leave

I do appreciate

Everything that you do for me

Try not to suffocate

You need to give your girl some time to breathe

Hey now wait a minute baby

See there's no need for you to be this way

'Cause I am your lady

I never thought you would be so,

Insecure

Better watch the way you talk to me

Won't take no more

'Cause all I need from you is a little respect, uh huh

Just a little respect, uh huh

Just a little respect, just a little bit,

hope you hearin' this, who you talkin' to huh

Bridge

I'm trying my hardest to keep you around

When I'm talking just listen

Boy please hear me out

The problems, I'll solve them

Best way I know how

The only way to work this out is

You can't be so....OH!

Insecure

Better watch the way you talk to me

Won't take no more

'Cause all I need from you is a little respect, uh huh

Just a little respect, uh huh

Just a little respect, just a little bit,

hope you hearin' this, who you talkin' to huh
