Take me with you

You give good love
You lift me up
Can't get enough
I am feeling you
You showed me things
I never seen
I wanna spend my life with you
And baby I know if you give me a shot
I promise I do something to turn you out
You know I am good
You know my heart is true
I give good love
Take mw with you
You cannot run from me
Take me with you
I give you all my love
My love
Take me with you
My love love love
Take my with you
My love love love

You play no game
I will always stay
Always remain down for you
Don't ever change my everything
That's why I sing this song for you

Chorus
And baby I know if you give me a shot
I promise I do something to turn you out
You know I am good
You know my heart is true
I give good love
Take mw with you
You cannot run from me
Take me with you
I give you all my love
My love

Take me with you
My love love love
Take my with you
My love love love
