[Verse 1:]

Hey you whatcha doing
Looking kinda stuck
I know it's really late
But could you come and pick me up?
My car stopped right
Dead, in the middle of the road
And I heard it's supposed to start
So we can do it all...

[Hook:]

The hood is good
I might do
That little trick you like
Let's see if you're acting right

Let's see how long it takes to get you over here
Tic-tic- Tic-toc
Tic-tic- Tic-toc
Mr. Mechanic
I, I need a quick fix, right now.. right now...
That
Come fill me up
I'll pull over on the side of the road waiting for you
Waiting for you, Waiting for you x 3
Uh oh Uh ohh
Oh-uh..
Waiting for you, Waiting for you x 3
Uh oh Uh ohh
Oh-uh..

[Verse 2:]

Tell me why it took you so long to get over here
I'm glad I didn't hold my breath
Cos if I did, I might be dead
I had to start without ya You're not mad, are you?
I saved the best for you
Take out your keystick in my ignition

[Hook:]

Pressure feels good, I might do

That little trick you like
Only if your feeling right
Let's see how long it takes to get me to my limit

[Chorus]

Tic-tic Tic- Toc

Tic-tic Tic- Toc

Mr. Mechanic, I need a quick fix right now..

Come fill me up

I'll pull over on the side of the road

Waiting for you, Waiting for you x 3

uh oh Uh ohh

Waiting for you, Waiting for you x 3

uh oh Uh ohh

[Bridge:]

Boy I'm like a damsel in distress

I need you I'm a mess

Come to my rescue

Patiently waiting for you

Boy I'm like a damsel in distress

I need you i'm a mess

Come to my rescue

Patiently waiting for you
