"Making The Nature Scene"

Visit "[Making The Nature Scene](#)" on MotoLyrics.com

Going back to these origins
The city is a natural scape
Order in the details
Confusion uproar in the whole
In nature reality is selection
The tool of critical intervention
Fragmentation is the rule
Unity is not taught in school
You are an unnatural growth
On a funny sunny street
The city has forgotten you
It's symbols of the past
The meaning of it's state
It's order of decay
Stand now in a column
And make the nature scene
Standing now in columns
Making the nature scene
Making the nature scene
Waiting to make their pay
There is no resistance to
The signs along the way
Standing all in columns
Waiting to make their pay
Making the nature scene
Waiting for the day
There is no resistance to
There is no resistance to
Salvation means to count on you
It just means to count on you
Make the nature scene
Making the nature scene
Making the nature scene
Making the nature scene
