Everyone is talking about happiness all over,
Everyone is talking about happiness, all round
Everyone is talking about happiness all over,
Why don't you just get together and bring you friends
on over?

Shout your voice together, sing about good times to
come
Pleasant times you're having with all the friends around
Put your hands together, clap them loud and shout
Pleasant times, we're having, yeah, ain't it fun?

Tra la la la la la la, Oh, happy people
Tra la la la la la la, Makes happy song
Tra la la la la la la, Oh, happy people
Tra la la la la la la, Makes happy song

Sing the song! Yeah!

Tra la la la la la la, Oh, happy people
Tra la la la la la la, Makes happy song
Tra la la la la la la, Oh, happy people
Tra la la la la la la, Makes happy song

Shout your voice together, sing about good times to
come
Pleasant times you're having with our the friends
around
Put your hands together, clap them loud and shout
Pleasant times, we're having, yeah, ain't it fun?

Tra la la la la la la, Oh, happy people
Tra la la la la la la, Makes happy song
Tra la la la la la la, Oh, happy people
Tra la la la la la la, Makes happy song

Tra la la, la la la, la la la, la, la la la, Oh happy people!
Tra la la la la la la la, Makes happy song
