Oh yeah,

We've got to keep on moving on up,
We've got to keep on moving on up, mm
We've got to keep on moving on up,
Don't let your black skin keep you down

Don't let your black skin keep you down, no, no
We've got to keep on moving on up, yeah

Some of us are prisoners our whole lives
We've got to learn to concentrate
Get down to some deep meditation
We've got to open up our minds, ohh.

We've got to open up our minds, yeah.

We've got to keep on moving on up,
We've got to keep on moving on up,
We've got to keep on moving on up, yeah, yeah.

Concentrate
Meditate
Concentrate
Meditate

We've got to open up our minds, yeah.
We've got to open up our minds, yeah.

We've got to keep on moving on up,

Don't let your black skin keep you down, no, no, no
Don't let your black skin keep you down, no,

We've got to keep on moving on up, come on people
We've got to keep on moving on up, come on now
We've got to keep moving, got to keep moving, got to
keep moving

We've got to keep a-moving,
We've got to,

We've got to keep moving up, now,

We've got to keep a-moving,
Got to keep a-moving,
Got to keep a-moving,
