V1) This ease, that Iâ€™m feeling
Temporary, without meaning.
This close attention and these feelings
Seem so familiar,
Why are you breathing.

C) Take me in,
God knows where Iâ€™ve been.
Twisted stare,
This wont hurt I swear.

V2) Your voice, so deceiving,
The things you do to me, so revealing.
My opinion is kept inside me,
These secret scars will always travel with me.

Mid) This ease that Iâ€™m feeling,
So familiar without meaning.
The things you say to me,
The things you do to me,
These secret scars you give will always travel with me.
