Way, way, back in the 1980's  
Secret government employees  
Dug up famous guys and ladies  
And made amusing genetic copies

Now the clones are sexy teens now  
They're gonna make it if they try  
Loving, learning, sharing, judging,  
A time to laugh and shiver and  
Cry

Time to watch  
Clone High  
Energetic and engaging ,  
Clone High  
Our angst is entertaining,  
Clone High  
Our lives are never boring,  
Who am I?

There's a place that you can go to  
And it's never very far  
Famous people you can live through  
If you don't know who you are

Why there's so much to live up to  
Expectations are so high  
I'm not crying, it's my contacts  
There must be something in my  
Eye

You all must watch  
Clone High  
Inspired and organic  
Clone High  
Possibly dramatic  
Clone High  
More fun than watching static  
Where am I?  
Clone High

"Yes Abe, I love y--"

"Shhh"

"Where are my bitches?"

"You've changed, Abe"

"Now, I may be blind..."

"Best dudes forever, Abe?"

"Well I'll just leave you two alone, because it looks like you're about to DO IT anyway!"

"I'm a Kennedy! I'm not accustomed to tragedy!"

(A time to laugh and shiver and cry...)x3

I'll see you at

Clone High

I can't escape my name

Clone High

That's the price of fame

Clone High

Life is just a game

Clone High

That's why

Clone High.....
