Oh you know I really felt like givin' up today
I couldn't find a real good reason to go on this way
Went to my gypsy to have my fortune read
She just took one good look and this is what she said

Maybe someday
Things will get better
Maybe someday
But what do I do 'till then?

Maybe someday

But what do I do 'till then?

Oh really felt like givin' all that up today
I couldn't find a real good reason to go on this way
Went to my gypsy to have my fortune read
She just took one good look and this is what she said

Maybe someday
Things will get better
But what do I do 'till then?
