Stay awake  
And look into our future  
Just breathe my name  
And let the music come alive

We get into shkraps  
Wherever we go  
Hold onto your girls  
Before we grab them bro

We party it up  
Till last call  
We dont give a fuck  
We came to brawl

All i wanna do is party  
Feel up your body  
Fist pump like pauly d

Were growing up gotti

Shes looking so hot hot  
Gotta get them some shots shots  
Bring her back to my spot  
Show her what i got

All i wanna do is party  
Feel up your body  
Fist pump like pauly d  
Were growing up gotti

Dance like you fuck  
Strange love
