Consuming the apparition with desire she moves like a  
shape seen in a dream.

The fire in her heart is burning like a thousand candles,  
yet her words are lost.

Sustain the outcome, disappear to a new beginning.  
Sustain like the sun, the writing on the wall is  
uncovered.

We are a thousand lovers engulfed in a thousand  
arms.  
And we're too blind to see that we are killing ourselves

She's a captivating lover, she heals my wounds.

Steadfast modesty!

Take the children from the elders beds, replace their  
lust with a stronger emotion.  
The great fire burns, we are the only ones to control it.

Lay your weapons down, put down your arms.  
Take your virtue back, we are the only ones

Don't shield your eyes child, there are things you  
should know  
like how we're drowning in our own sweat, we are our  
own downfall.  
Don't shield your eyes child, we've made a crucial  
mistake,  
we've been playing in the devil's yard, now is the time  
for change.

Sustain the outcome, disappear to a new beginning.  
Sustain like the sun, the writing on the wall is  
uncovered.

Close your eyes now, its time to say your prayers.  
Seal your nightmare, this is a fantasy world.  
She's left sleeping in a time of war.  
Cold through the air, its time to say your prayers  
'goodbye to the world!'
