This is what I reign on your behalf so that you may breathe...

The blood that gathers at your feet,  
the high-pitched screams of agony!  
I'll drag you down with me, too!  
I'll make you drown with me!  
I'll drag you down with me, too!  
I'll make you drown with me!

This is my indoctrination!  
Henceforth the tendon's cut!  
The times when muscle fell from hard bone...  
The time has come for surgery!  
I'll drag you down with me, too!  
I'll make you drown with me!  
I'll drag you down with me, too!  
I'll make you drown with me!

This is what the slaughter looks like,  
you've sent it home with me.  
You've seen it in my pictures...  
bent hostility!  
I'll drag you down with me, too!  
I'll make you drown with me!  
I'll drag you down with me, too!  
I'll make you drown with me!

No, no! No, no! No, no! No, no!
