Doin' My Own Thang
Doin' my own thang, yes sir I am
Doin' my own thang knowing that I can
I'm white and I'm proud, yes ir that is true
If you don't like it than fuck you
Cing Casper ain't got to impress anyone
Just not that way so get it right son
He's not a blood nor a crip
But walking with a dip
People come up asking what I bang
I turn around and say I do my own thang

The name is Cing Cas and it will always will be
I'm the seventh letter of the alphabet and that letters
"G"

White rag in the front, Black in the back
Watch stopped at 4:20, I got it like that
Hat backwards always turned to the left side
Jump up in and lets take a ride
Windows rolled up sit back and grab a cup
Silent moving gloves on my hands
Rockin' with the band

Down with the SRH KMK
Doing it 24/7 everyday
The SRH spade never bring me trift
Im'a be down for that spade for the rest of my life
Not giving a damn what others think
You'll be a water hoes with a big kink
So nothing comes out and nothing will leak
Double-C-Double can give you a sneak peak
