

## Cipes And The People "Fly"

Visit "[Fly](#)" on MotoLyrics.com

Warm wind blowin from the West today.  
It tracks that  
Longing feeling feeling from so far away.  
Packed up my shit,  
Sandals on my feet,  
Got my boards on the roof,  
Tim dog in his seat,

Kiss my girl, told my moms goodbye.  
Sorry I gotta go,  
Time for me to fly.

Everything's gonna be alright,  
Sat back and closed my eyes,  
And found a reason why  
I chose to fly.  
Some things just have to change,  
Don't need no car no plane.  
It's all inside my brain.  
Don't need a damn thing.

As I ride on home alone  
This road in my mind,  
Flippin on the lights  
So I don't miss all the signs.  
Imagine.  
It'll happen.  
Let the bad go good, keep trappin.  
Now I'm laughing  
While they're packin  
On the road to evil distraction

Gotta get things up,  
To get on your way, well  
I know it's hard but  
It's time for me to fly.

Everything's gonna be alright,  
Sat back and closed my eyes,  
And found a reason why  
I chose to fly.  
Some things just have to change,

Don't need no car no plane.  
It's all inside my brain.  
Don't need a damn thing.

[Instrumental Break]

Time for me to fly.

Everything's gonna be alright,  
Sat back and closed my eyes,  
And found a reason why  
I chose to fly.  
Some things just have to change,  
Don't need no car no plane.  
It's all inside my brain.  
Don't need a damn thing.

I chose to fly.  
Some things just have to change,  
Don't need no car no plane.  
It's all inside my brain.  
Don't need a damn thing.
