

Cipes And The People

"Pain"

Visit "[Pain](#)" on MotoLyrics.com

Drinking's so much fun when you're alone
Laugh, pretend and play with all your holes
When nobody knows
Oo, la ,la, la, no woman, no cry
Girl, you told me, love me now,
why did you have to lie?
Oh why, oh why, tell me why
Tell no lie, tell me why, tell no lie, tell me **Chorus**
When we gonna push the pain away
You choose another lie, I say
Why keep on knocking (3X)
You're not in
Let the fun begin (3X)
Won't you let me in, let the fun begin Angels always
come in white or black
And if you catch them wretches
watch your back, watch your back
She'll give a smile, a little grin, oh it's okay
That's what she'll say,
and then she'll laugh behind your back each and
everyday
Oh, it's okay, I'm just part of her **Chorus** Oh, I've been
playback, playback, I'm gonna take it like a man
I was tripping, slipping, now you're falling through my
hands
Yes, I did, I hate it but I swear, it's just a dare
I'm a slayer, a player, I'm your king and you're my
queen
Be my queen, I'll be your king
Won't you be my queen, I'll be your king They say I'm
lonely, I'm alone
But I got them trees, I got my shadow
I'm on my way home, here I go And this train is bound
to glory, oh (2X)
And this train is bound to glory When we gonna fuck
the pain away
You choose another lie, I say
Why keep on knocking (3X)
You're not in
Let the fun begin
