[Kelly:]

It's a difficult choice to make  
It's a dangerous chance to take  
And with every touch you stake  
Comes a radical new

[All:]

Awakening to everything  
You thought you'd never taste

[All:]

Spin the wheel  
Turn your love around  
Get down  
Down on your knees  
And show me that you're not afraid to lose  
Cold cold steel  
Melts into the ground  
At the sound  
Of you begging please  
You're telling me you're ready to choose

[Ciara:]

It's a dangerous game to play  
And a terrible thing to say  
That this beautiful thing can stay  
That it's destined to die and

[All:]

Fade away like yesterday  
A moment gone to waste

[All:]

Spin the wheel  
Turn your love around  
Get down  
Down on your knees  
And show me that you're not afraid to lose  
Cold cold steel  
Melts into the ground  
At the sound  
Of you begging please

You're telling me you're ready to choose

[All:]

Ooh, take a picture of this  
As you lay in your bed  
Making a list  
Of the cruel things you said  
To scare your love away

[All:]

Oh, oh, oh...  
Spin the wheel (wheel)  
Turn your love around (turn your love around)  
Get down (get down)  
Down on your knees  
And show me that you're (show me)  
Not afraid to lose  
(Show me that you're not afraid)  
Cold cold steel  
Melts into the ground (melts into the ground)  
At the sound  
Of you begging please  
(At the sound of you begging)  
You're telling me you're ready  
You're ready

[Cathy:]
