(Verse)

Now that's it's over  
I guess it's time to clean up what you've left  
Broken pieces, all shattered  
I'm screaming deep inside

I never thought it will end up like this  
I never thought it will all last anyway  
Never really saw where this is heading

(Chorus)

Now I'm about to leave it all  
Just hanging on the past behind me  
It's over, it's over  
Now I'm about to close that door  
Just wait a while and you will see  
Me smiling again

I cannot keep up with this endless story of pretending  
All the lying and thinking that this is just a game  
No this is not a game

Repeat Chorus

(Bridge)

Oh nowhere near breaking down  
Just walk away and I'll be fine  
Oh nowhere near to shedding tears  
Just be that way  
I will survive  
Oh, I will survive

Repeat Chorus

Now I'm about to leave it all  
Just hanging on, just hanging on the past behind me  
Now I'm about to close that door  
Just wait a while, just wait a while  
And you will see
