Hes gone 2000 miles
Is very far
The snows falling down
Its colder day by day
I miss you
The children were singing
Hell be back at Christmas time
In this frozen and silent nights
Sometimes in a dream
You appear
Outside, under the purple sky
Diamonds in the snow
So are cold
Our heart were singing
It felt like Christmas time
2000 miles
Is very far to the snow
I think of you
Wherever you go
Hes gone 2000 miles
Is very far
The snows falling down
Its colder day by day
I miss you
I can hear people singing
It must be Christmas time
I hear people singing
It must be Christmas time
