You want to touch the sky
You want the stars to shine your name, yeah
You wish the world would stop
When you get in a mood
But only God can do that

You've got nothing to lose and everything to prove
Wanna climb to the top till you get to the clouds
You can't do that
For crying out loud

If you want to fly away
I'd give you wings today if I could
I'd stop the rain
Take all the pain away
I'd do all I can but I ain't superhuman

If I can't help you out
And you can't help yourself
Yourself, no
Then what's it all about
Does it mean anything
Should we be living like that

You've got something to say but nobody hears
So you talk in your sleep like a runaway train
Without a dream you'd be going insane

If you want to fly away
I'd give you wings today if I could
I'd stop the rain
Take all the pain away
I'd do all I can but I ain't superhuman

For only a moment
If only for a day
You could go crazy
Then all of the world would be following you
Doing the things that you want them to

If you want to fly away

I'd give you wings today if I could
I'd stop the rain
Take all the pain away
I'd do all I can but I ain't superhuman

[Do all I can but I ain't superhuman
Yeah, do all I can but I ain't superhuman]

If you want to fly away
[I'd do all I can but I ain't superhuman]
Do all I can but I ain't superhuman
