[Chapter 1:]

The warrior's fight with the unearthly forces of the  
caves of death.

The fight lasts for months and is challenging for both  
the warrior's physic

And mental strength.

Eventually he manages to resist the murderous forces  
of death.

Hail to the immortal warrior spirit...

Dwelling in the caves of Ephel Duath

There lies his throne, drowned in anxiety

Worlds below got overwritten by the domains of silence

(They lead us to) the crown of immortality

Shapeshifting images of misty morning battles

As you dwell through the eternal caves of death

Divine pictures (as) carmine litanies in reverse

Sons of dragons, perpetually cursed

Gazing in a dream of suffering

A midwinter tear's epilogue

Dwelling through ghastly chambers dark

Infinity passes in neverending cold

Scarlet dreams in nights to come

Misanthropy is our crimson reality

A bloodred wire through infinity

Through veils as black as never before

Slumbering, the dreams are pale

One thousand eyes behold

As astral images pass in gloom

Unconsciousness reflects the reality cold

Dwelling in the caves of death

Thoughts show the manifests of old

As pictures drenched in candlelight

Arise to take your soul

[Chapter 2: epilogue]

The warrior meets his enemies of flesh and blood...

... And through the shadowmountains we march  
Towards valleys in dying grey  
Fiery swords and blazing bolts  
In battle, until that glorious day  
Victory!!
