Well I met her down in a love struck town  
I was just about dead from bein' turned around  
Then she took my hand, she made me understand  
That I didn't have to try to show her I'm a man

Oh, everywhere, everywhere black roses  
Comin'down, no, comin' down around me  
In the rain

Oh, baby come on...

She wore burnin' red slept on a golden bed  
And she drank my wine and she soothed my achin'  
head  
Oh, everywhere, everywhere black roses  
Comin'down, no, comin' down around me  
In the rain

I was dressed in black  
Hung at a road house shack  
And when we left that day  
We knew we were never comin' back  
I gave you black roses for the very last time  
And as we looked out upon the grand highway  
The sky began to cry.
