I want to make myself complete
I want to hold it in my arms
I want this blow to scar your eyes
I want this pain to go away
I want to shake this thinking here
I wish there was a heaven

Born to live, live to die
Yeah, we're livin'
Give to try, try to give
Like this is heaven...and hell

You want to write my name in blood
You want to carve it in my arm
You want to make yourself a dream
You want this world under your thumb
You want to make me shout and scream
We know there ain't no heaven

Born to live, live to die
Yeah, we're livin'

Give to try, try to give
Like this is heaven
Born to live, live to die
Yeah, we're livin'
Give to try, try to give
Like this is heaven...and hell

And we all know it well...

Born to live, live to die
Yeah, we're livin'
Give to try, try to give
Like this is heaven
Born to live, live to die
Yeah, we're livin'
Give to try, try to give
Like this is heaven...and hell
