One more needle another blink in your eye
If your not careful, baby this time you'll die
You told yourself you'd never do it again
Don't you realize your killing your friends

It's a long way home
It's a long way home

Look out the window waiting for your man
You get the money anyway that you can
Your lifes a bathroom with a spike and a spine
Don't tell me brother that you'll kick it real soon

It's a long way home
It's a long way home

Whole world is down on you tell me pressures too much
Dn't you realize that you're out of touch
I ain't no angel ain't made out of gold
But I'll tell you baby I ain't selling my soul

It's a long way home
Long way home
Long way home
