Why the f\*\*k can I not hail a taxi?  
arm out like a Nazi - every cunt's driving past  
where the f\*\*k is everyone?  
I can't see anyone. I can't see anything!

the hardest part of today is a hangover  
empty bottles and empty promises  
I got every person I need  
and it's gonna be one hell of a messy night!  
I can't remember last night. I can't remember anything!

"Party til you pass out, drink til' you're dead.  
Dance all night til you can't feel your legs"

We are done with giving a f\*\*k
