Make me dance, I want to surrender
Your familiar arms I remember
We've been going transcontinental
Got no car, we just take a rental

But we don't have the money
Money makes the wheels and the world go round
Forget about it, honey

Make me dance, I want to surrender
Your familiar arms I remember
Everybody's talking about you
Every word's a whisper without you

But we don't have the money
Money makes the wheels and the world go round
Forget about it, honey
Trouble's never far away when you're around

'Cause we don't have the money
Money makes the wheels and the world go round
Forget about it, honey

I didn't see it coming
I'm just not in the running

Take me on a train 'cause I'm not flying
I can see the world from a different side
Read about us in the morning papers
When we make it, when we make it alive

I didn't see it coming
Make me dance, I want to surrender
I'm just not in the running
Make me dance, I want to surrender

And we don't need a lifetime
Make me dance, I want to surrender
We're following the right line
Make me dance, I want to surrender

And we don't need a lifetime

Make me dance, I want to surrender
We're following the right line
Make me dance, I want to surrender

I didn't see it coming
Make me dance, I want to surrender
I'm just not in the running
Make me dance, I want to surrender

And we don't need a lifetime
Make me dance, I want to surrender
