On the beach
With all my friends
Just singin' dancin'
Watchin' all the chicos
Walkin' by someone yelled
Party here tonight

When I turned
Someone was standing
There before me
He had brown skin and
Jet black hair
And he asked
Would I be here tonight

With a smile
I looked straight at him
And I could feel
His latin melody

When he spoke I heard the
Rhythm of a spanish guitar
He touched my hand
I felt so free and then
He said these words to me

Venga mamacita
I don't know why girl you
Make me high, I can't lie
Latina girl lookin' shy
Venga mamacita
I can't deny
In your big brown eyes
I wanna die
Latina girl with me tonight
Venga mamacita

Party people dancin' in
The heat merengue salsa,
He said
Mamacita won't you groove

With me c'mon and
Feel this latin breeze

And we're dancin' barefoot
In the sand sexy rumba
The waves that roll into
The shore makes him want
Me more and more

And all the passion
That's inside him it gives
Our hearts just one beat
The scent of my perfume
Is makin' him high

He said there's
No place else he'd be
And then he said
These words to me

Venga mamacita
I don't know why girl you
Make me high, I can't lie
Latina girl lookin' shy
Venga mamacita
I can't deny
In your big brown eyes
I wanna die
Latina girl with me tonight
Venga mamacita
