And I want that you don't forget
That you are
The only girl
Inside my crazy head
Playing with purple bears
AA ja ja
Ja.

Who knows the reason of why I want to hold your hand
even in my dreams.
Who knows the reason of why Cronos takes a nap when
I see her eyes.
Who knows the reason of why I love to make my
shadow dance.

Keep
Spreading
Your taste
For me Lulu, Cos I will be your horse, your wolf, your
zeppelin.
Who knows the reason of why I love to hear the clusters
when we
Watch the sky.
Who knows the reason of why I shiver when I kiss your
metal mouth.

Keep spreading
Your taste
For me Lulu, Cos you are the only one who
Can take me to the moon.
