Verse1:

Who can change the heart of nations
Who can shake these city walls
Who can rid this world of suffering

Verse2:

Who can heal the lame & crippled
Who can raise one from the dead
Who can bring forgiveness to the heart

Pre Chorus:

Only our God
The Hope of all the world
Jesus our God
The Light of all the world

Chorus:

Once and for all
Your love has triumphed
Once and for all
Your Kingdom reigns
Once and for all
Your love made a way
Salvation

Bridge1:

This is our heart's cry
Let love rule in our lives
For those who don't know You
To come home to Christ
Let love become our cause
Every breath our freedom song
With all we sing Your praise
And bring glory to Your name

Bridge2:

We all shout holy
We give You all honour and glory
