We are Your church
Vibrant and alive
We are Your people
Chosen to be Your light

As one we unite
Standing as Your bride
Bringing justice and love
And the wonder of Your life

We will humble ourselves
We will seek Your face
Let Your church arise
With never ending praise

You are God
No wonder I'm in love with You
We live to bring You praise
We live to bring You praise

All praise to the Righteous One
All praise to the King I love
All praise to the God of miracles and life
