"In Spite Of This Life"

Funerals and fairytales
Secrets
That i'll never tell
Photographs
This isn't you
I want something new...
Inspite of this life
Im still alive
And i miss you
So much
What it was
It's not enough
Here i am
Where are you
This truth can't be true...
Inspite of this life
Im still alive
Inspite of this
Im still alive
With my head in my hands
Inspite of this life
Im still alive
With an open casket
Trembling nerves
Stumbling feet
Repeat
Oh god
I want to meet you
And see you
Please...please...please...just promise me...

You promised me...

Inspite of this life
Im still alive.
