"Take You Home"

Everyone seems
To have someplace
Where they all go
Sharing secrets
Leave me guessing
But i don't know
And this is not
Getting easier for me
And this is not
The way i wanted it to be...

I want to take you home
I think it's time for us
To make our great escape.

After the last call
There's a moment
When i become
A reflection
Of a lost cause
For everyone
And this is not
Getting easier for me
And this is not
The way i wanted it to be...

I want to take you home
I think it's time for us
To make our great escape.

You're better than this
You're better than that
Im only here to take you home.
You're better than this
You're better than that
I only came here to take you home...
