"Until You Leave"

Bury me with
Your compliments
I gave you my best
Im left
With what's left
But i could be strong
Until you leave
I wasn't there
I can't believe
You tonight
I can't believe me
I tried
I can't believe you tonight
I can't
Believe me
I tried...
Bury me with
All that i've
Seen
Quick with advice
See
What i mean
A good paradigm
Until you leave
I can pretend
But i can't believe
You tonight
I can't believe me
I tried
I can't believe you tonight
I can't
Believe me
I tried.
