(Rev-On) it's a big, black highway
(Rev-On) they can say I did it my way
(C'mon Rev-On) I got a monster beneath me
(Rev it along) Gonna smash me to smithereens
I'm after headlines, headlines
Gimme, gimme them headlines, headlines
"Golden Boy Rides Bike Off Inter-State One-Five
No Chance Of Coming Out Alive
Poor Kid Was Cut Off In His Prime"
Almost A Legend In His Time
Red light (can't come back)
It's green for go, there's rubber on the road
(Too hard) two wheels and ignition
That's all I know
(Can't come back) One way to Paradise
When you've been bitten by (too damn hard)
Ambition
(Rev-On) You can call me a yo-yo
(Rev-On) But can you tell me a better way to go!
No!
(C'mon Rev-on) Wasn't I the wild one

(Rev it along) Like a bullet to oblivion
