Come and fill me Holy Spirit  
I seek the warmth of Your embrace  
Lord I'm longing for Your presence  
Just one touch of Your grace  
I'll keep on waiting, waiting on You

All my life I've searched for heaven  
My heart it longs for so much more  
A love so true  
Now I've found it in You  
I'll keep on waiting, waiting on You

Lord I give my life  
A living sacrifice I place at Your feet  
I offer to You  
For only You can satisfy my longing  
Jesus You're all I desire

Lord I give my life  
A living sacrifice I place at Your feet  
More than what this world offers  
You are my only treasure  
My world means nothing without You

My world means nothing  
Without You
