Tell me everything about you, cause I would like to know
Why do I feel like I am bound to fall against the flow?
I guess its obvious that Iâ'm a mess without you baby,
So take my hand and I will let you know that Iâ'm

A bird with broken wings,
Iâ'll learn to sing and tell you everything.
A bird with broken wings wonâ't try
To fly away goodbye.
(2x)

Iâ'm looking outside of my window, as dusk falls in the air.
This wondrous scene here to remind me; the color of your hair.
The thought is everywhere I go I think about you maybe
Someday Iâ'll finally let you know that Iâ'm

A bird with broken wings,
Iâ'll learn to sing and tell you everything.
A bird with broken wings wonâ't try
To fly away goodbye.
(2x)

Iâ'll leave the questions up to you.
You think even if I could fly,
Iâ'd leave you standing by the door?
Well the truth is Iâ'll never say goodbye.

A bird with broken wings,
Iâ'll learn to sing and tell you everything.
A bird with broken wings wonâ't try
To fly away goodbye.
(4x)
