Open your eyes,  
Let's admire the moonlight  
That sparked this beautiful night.  
With you by my side,  
Naming stars in the sky,  
And I feel somewhat torn and alive

Because tonight we felt so close,  
Hearing the music that we have come to know,

And the song in the meadow goes,  
La La La  
(x3)

Give me your hand,  
You are all that I've got  
While my tracks lay washed in the sand.  
And we sit there facing the beach,  
Watch the waves crash in by our feet  
And the water feels so warm

Because tonight we spoke so well  
Feels like we're getting somewhere after all.

And the song in the meadow goes,  
La La La  
(x3)

If this light turns to shadow and day turns to rain,  
Will you promise forever our love will not change?  
Will you stay with me always and always the same,  
'Til we're nothing but sand and pieces of grain  
Washed up into the meadow? Our song will still play.  
We'll still be together, forever in vein,  
So there's no need to let these words take up my  
breathe,  
Cause I love you to death, and I'll never regret this.

I'll never regret this.

(solo)  
And the song in the meadow goes,

La La La  
(x3)
