Someday,  
Iâ€™ll be sitting with you  
On top the highest cloud.  
Donâ€™t Wait,  
Weâ€™ll be together soon,  
And this time itâ€™ll be for awhile.

This place, so lonely,  
Cause your gone with all Iâ€™ve got.  
And Iâ€™ll take some meaning  
For the words you gave me alone,

Cause weâ€™ll be in touch  
Iâ€™m feeling lost.  
(4x)

Someday,  
Weâ€™ll speak of light is which you guide my world and  
the worlds of others close.

Donâ€™t Wait,  
You know weâ€™re better off if we stay close together,  
forever  
Cause this world we know is moving fast,  
And I wonâ€™t have the time to ask you  
To sing us a song we love.

Cause weâ€™ll be in touch  
Iâ€™m feeling lost.  
(4x)

Let me know,  
My bodyâ€™s shaking now, I need a sign  
Will you be on time  
To greet me home?
