My teacher's a wanker
She is a monster
Dilemma comes whenever I see her
Corina Turina

Don't try to walk away
I'll try to make it work
Don't try to walk away
I'll try to think again

Shoobox in a toolbox shoobox
The ranger comes and takes all the rangers
Turn to the left and turn to the right
Corina Turina

Don't try to walk away
I'll try to make it work
Don't try to walk away
I'll try to think again

Down in Jamaica they got lots of pretty women
Down in Manila they got lots of pretty men

Things go happy when you know Corina
Corina Turina

Don't try to walk away
I'll try to make it work
Don't try to walk away
I'll try to think again
