Over hollowed hearts of the east bay
I live for nothing, if not today
When you left you didn't say goodbye
I saw it in your eyes man, you didn't even try

It's been so long now, since I've laid you down
Won't you come back, come back to me
Come back, come back to me
Times we're tough, but we're still family
Come back, come back to me...

Over the lines that divided my country
Where the good and bad that make up today
When I left I didn't say goodbye
You saw it in my eyes, yeah I didn't even try

It's been so long now, since I've laid you down
Won't you come back, come back to me
Come back, come back to me
Times we're tough, but we're still family
Come back, come back to me...

I'll wash you away, I'll wash you away(x2)

t's been so long now, since I've laid you down
Won't you come back, come back to me
Come back, come back to me
I buried my heart, in the east bay
Come back, come back to me....
