Trying to find a way to live with out ya babe  
Day and night my heart bleeds, but you don't feel  
anything  
Suck it up you little bastard, I'm not the same  
Where were you those dark nights when I cried?  
I beared you name

Everything I thought we had  
Love, trust & friendship  
Fuck you make me feel so bad baby

Feminazi fingerpointing, well my mom's my own  
Impossible, unforgettable, unbelievable girl you've  
known  
Believe (sleeved) in your heart, the power is in your  
hand  
You can take all you want, but I break for no mane

Fuck you make me feel so bad  
And I can't get over all the love we once had  
I'm trying to find a way to get you outta my life  
I don't want to be your lover  
I don't want to be you wife

Listen mother fucker, you don't know me  
You don't fucking own me  
And I don't love you  
And you know what?  
Your a fucking dirtbag  
And your a fucking cheating bastard and I fucking hate  
you  
Fuck you,  
If you weren't such a fucking loser  
And your fucking cock wasn't so small  
I would have fucking left you in the first place  
You got nothing to offer me  
You're just bad news  
You're just a fucking scummy mother fucker that  
smells,  
That's too fat  
That's fucking ugly  
That's going bald

I don't want you in my life again, ever you mother  
fucker  
Fuck you  
Stay the fuck away

When did my soul hit the ground?  
I'm trying, I'm crying, but I just can't be found
