Extra, extra read all about it
I don't care about you no more
Put your words to the test
Compromise it all
So ashamed about taking the fall

Extra, extra ordinary
Extra, extra ordinary
Extra, extra ordinary
Extra ordinary circumstances are shot, shot

Extra, extra stimulation
Means that chaos will uproar
Hollywood and Vine, we're running out of time
Clashing rants, sins and lies

Extra, extra ordinary
Extra, extra ordinary
Extra, extra ordinary
Extra ordinary circumstances are shot, shot

All those flashes, might make you see
One of them is me

Extra, extra read all about it
I don't care about you no more
Put your words to the test
Compromise it all
So ashamed about taking the fall

Extra, extra ordinary
Extra, extra ordinary
Extra, extra ordinary
Extra ordinary circumstances are...
Extra ordinary circumstances are...
Extra ordinary circumstances are shot, shot
